

## BABBAT – BETTER ADULT TRAINING

### Mission and project targets

“BoB as a Bate – better adult training” is Erasmus+ strategic partnership project (2019-2021) which aims to develop competence and good methods for adult trainers to motivate low skilled adults for stronger engagement in lifelong learning and to enhance their working lives opportunities through entrepreneurial skills. This will be achieved by using a newly developed tool, called the Book of Business or BoB. Coordinator of the project is “Step by step” from Iceland.

The name of the project refers to bate, fishing and fun. The consortium will through this project, create “fishing” methods for adult trainers to help to hook more low skilled adults to make lifelong learning a reality and through that increase their competence to remain compatible and become a part of the labour market.
